Sway Fun™

Created with all kids in mind

Accessible is good. Inclusive is better.

All inclusive all the time.

There's nothing else on the playground quite like Sway Fun™, the first totally inclusive glider for kids and adults of all ages and all abilities. It features ample room for two wheelchair passengers. Twin bench seating accommodates lots of friends and family. Also included are three bench and two wheelchair handholds, and an interactive Permalene® play table with dual cup holders. Plus, Sway Fun is ADA compliant.

Powered by enthusiasm.

Sway Fun's fully encased glider mechanism enables riders to control the tempo - back and forth, from mellow to merry. Even better, Sway Fun is compatible with any Landscape Structures PlayBooster® and PlayShaper® system. You can also install Sway Fun as a stand-alone play event.

The fun never ends.

To withstand constant use, it features Permalene side panels; double-walled, rotationally molded polyethylene sides and backs; heavy-duty galvanized steel deck with finger and feet-friendly TenderTuff™ coating; as well as vandal-resistant, stainless steel fasteners. Available in your choice of four colors.
