Interactive Sensory Play Panels

Wee Planet Climber

Swiggly Stix Bridge

Wee Crawl Tunnel

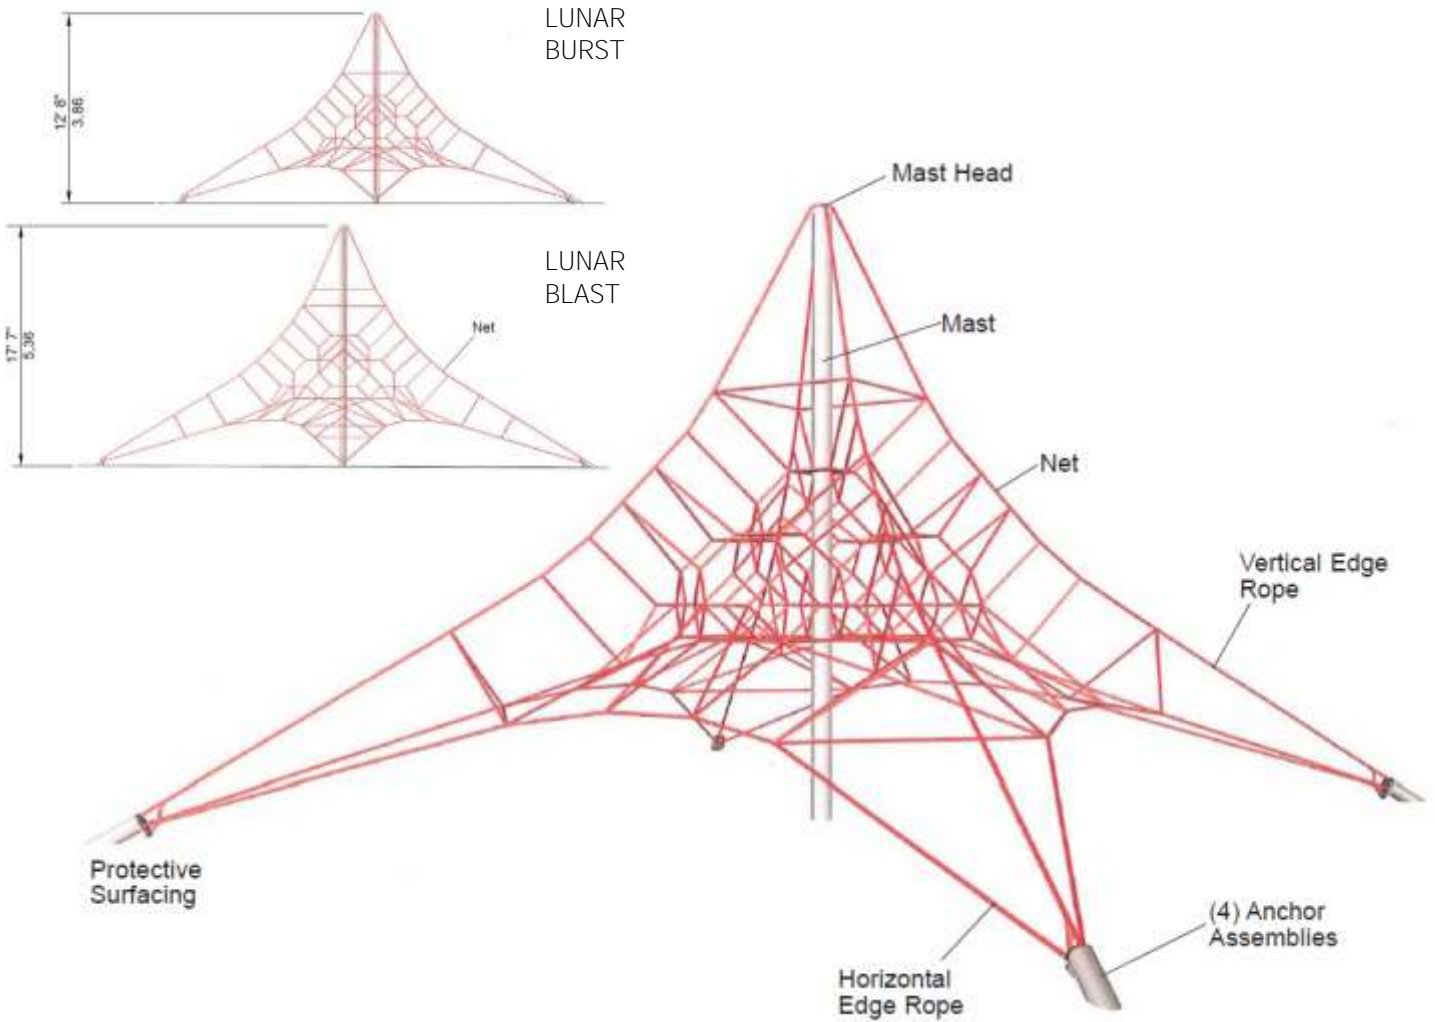

Lunar Burst & Lunar Blast Net Climbers

Model No: 173754A (Burst)
173755A (Blast)

Creative Climbing

Cosmic features:

You'll love the convenience, and kids will love the uninterrupted fun.

Easy-Access Tensioning The easy-to-adjust, above-ground tensioning systems ease both installation and maintenance. Located in the ball connectors for the Eclipse and at ground-level for the Lunar Blast and Burst, cables can be tensioned without disturbing the surfacing.

Polyester-Wrapped, Steel-Reinforced Cable Six-stranded, galvanized steel cables wrapped in abrasion resistant, color stable polyester yarn are extremely durable and vandal resistant.

Clean Connections The cloverleaf and "T" connectors allow for easy replacement of portions of cable rather than the whole net, and with no doubling of cable at the perimeter, the Aeronet climber boasts a crisp geometric shape.

Seats Optional
Create a great place to perch and hang out with durable, UV stable reinforced belting material

Eclipse Net Climber

Model No: 173753A

Limitless Invention

Cosmic features:

Oodle Swing

Model No: 173592A

Oodles of FUN!

 **Playscape
Creations**
delivering today's recreational spaces

Oodle™ Swing

Inclusivity Soars to New Heights

Bring oodles of fun to oodles of kids with the Oodle™ Swing. This multi-user swing encourages interactive play by inviting the whole gang along for a ride. Moulded from durable, colorfast polyethylene, the Oodle Swing provides valuable vestibular sensory stimulation for kids of all abilities. Allowing children to experience motion in a variety of positions and speeds can help improve their balance and posture. Youngsters can choose to share a swinging good time with their friends, or they may prefer to use the Oodle Swing as a quiet respite from the rest of the playground activity. Either way, they're sure to have lots of oodley, noodley fun.

Oodle™ Swing

- For ages 5 to 12
- Maximum fall height 2.3m
- Minimum area required 8 x 9.5m

OmniSpin Spinner

Model No: 173591A

Inclusive, Accessible Spinning FUN!

OmniSpin Spinner

Introducing a Fun, New Spin on Inclusive Play

All aboard the OmniSpin™! This truly inclusive spinner balances physical accessibility, age and developmental appropriateness, and sensory-stimulating play for children of all abilities. This patent pending spinner offers back support and side walls that make spinning safe and fun, and the speed limiter ensures youngsters feel secure when taking a twirl. A go-round on the OmniSpin spinner provides lots of social play, along with valuable vestibular stimulation, an important component in the development of proper balance and posture. With an accessible transfer height entrance from a wheelchair or walker, scores of youngsters will find the OmniSpin spinner to be a fun, comfy space for interactive and cooperative play.

The OmniSpin spinner is the perfect freestanding spinning activity to accent any new or existing playground. Made from durable, color fast, vibrant polyethylene.

OmniSpin Spinner

- For ages 5 to 12
 - Maximum fall height 46cm
 - Minimum area required 5.8m diameter
 - Patent pending
- #173591A**

Harness Swing Seat

Model No: 173876A

Greater Stability

Moulded Bucket Seat with Harness

- Swinging provides valuable vestibular sensory Stimulation
- For ages 2 to 12
- High seat back gently cradles youngsters' bodies
- Yoke Harness provides greater stability for kids with limited upper-body mobility
- Secure-locking latch

The best inclusive playgrounds balance physical accessibility, age and developmental appropriateness, and sensory-stimulating play to create fun for individual exploration and group play. They also offer a mix of components that encourage children of all abilities to play together.
