

LEADERS IN RECREATIONAL INNOVATION

The provision of safe, functional and attractive playscapes requires a multi-disciplinary approach to ensure the asset continues to operate safely for the end-user and provides a return on your investment.

As an industry leader, our expert team can inspect and rectify your play scape as a cornerstone approach to ensuring your investment remains injury-free, compliant and visually appealing.

OUR PROCESS

- 01 ASSET INSPECTION**
Our qualified inspection team will visit your site and complete a comprehensive inspection across all assets.
- 02 INSPECTION REPORTING**
Following the inspection, we will provide a detailed report outlining findings and required repair works.
- 03 ASSET INSPECTIONS**
Any critical issues will be attended to immediately and all non-conformances rectified in consultation to help you to manage risk effectively.

INSPECTION SERVICES

2019 / 2020

Playscape
Creations 

OUR PACKAGES

Inspections are an important part of playground ownership, and every element of the playscape needs to be regularly inspected to ensure your asset complies with Australian Standard 4685.0:2017.

Each inspection should include, a regimen of checks to identify any potential hazards within the play environment, and asset owners are required to complete routine maintenance to ensure the space continues to operate safely.

With over 20 years' experience designing and constructing play environments, the team at Playscape Creations has the expertise and knowledge to carry out required periodic and annual inspections. Our inspection services include checking:

- Overall site safety
- Softfall and rubber surfacing
- Playground edging
- Shade sails and posts
- Play equipment

Your playground is a valuable asset for you and your community. As with all assets, it pays to ensure that it is effectively managed to provide an ongoing return on investment.

Our team has enjoyed going through the design and construction phases with you. Let us help you to maintain the optimum playscape for your community.
